

## The Commonwealth

### About the Commonwealth Youth Awards

Young people constitute more than 60% of the population of the Commonwealth; their empowerment is essential to the success of the Commonwealth and its member states. The Commonwealth works with youth leaders, member governments and other stakeholders to engage and empower young people and enhance their contribution to development. The work of the Commonwealth is anchored in the belief that empowered young people are assets to their societies. It is vital to ensure young people realise their individual potential, and to recognise and nurture their ability to contribute to their countries' development, and the success of the Commonwealth.

The Commonwealth Youth Awards for Excellence in Development Work 2018 aim to raise the profile of young people and highlight the contribution they are making towards developing a fairer, sustainable, peaceful, and prosperous future for the Commonwealth. This special edition of the awards will coincide with the Commonwealth Youth Forum (CYF) preceding the Commonwealth Heads of Government Meeting (CHOGM) in London, April, 2018 under the theme "Towards a Common Future" and will highlight the contribution that young people are making throughout the Commonwealth, in areas such as poverty alleviation, conflict resolution and prevention, democracy and environmental preservation. The Commonwealth Youth Awards give international, regional and national recognition and support to those young men and women who have demonstrated young peoples capacity and potential to make positive contributions to their communities, nations and the world at large. Young people are not passive beneficiaries of development and spectators to programmes and of policies that affect their development, but rather are integrally involved in the process of change as they continue to work side by side with decision makers as key actors and stakeholders contributing to national development.

The young people who will receive this award should demonstrate measurable/tangible impact through their development work.

#### **The main Objectives of the Commonwealth Youth Awards are to:-**

- Highlight the contribution young people are making to promote the common goal of a future built on fairness, peace, prosperity and sustainability and achieve the Sustainable Development Goals (SDG's).
- Acknowledge the outstanding contributions made by young people to overall development and democracy goals in the Commonwealth;
- Create an environment which will encourage and sustain investments in youth led development;
- Illustrate the depth and breadth of talent, commitment and creativity that exists among young people across the Commonwealth by highlighting nominees' success stories;
